# nerchau Magneto

Magnetic Primer · Hobby

- Solvent-free, water-based primer
- Transform virtually any surface to support magnets
- Magneto primed surfaces can be over-painted when dry
- Create dynamic images, memo boards, interactive designs
- Surfaces must be free from dust, grease and wax

## Transform and change!

Create works of art with marvellous effects! With nerchau Magnetic Primer you can design dynamic creations, memo boards and interactive pictures. Apply the primer, leave to dry and then paint or draw directly on the surface. Add magnets to compliment your artwork! Adding several layers of primer will increase the magnetic strength.

Hobby Acrylic Colour 3D · Hobby

## 3D-Glitter Liner

- 10 colour shades
- Water-based, harmless, low-odour processing
- Supplied in a practical fine liner-bottle ideal for direct application and writing
- Stable contours and waterproof
- Application on paper, wood, ceramics, stone, plastics and textiles
- Application on textiles, wash-resistant up to 40°C

### Sets fine accents and glossy highlights!

The 3D-Glitter Liner is a universal, water-based, hobby acrylic paint with a brilliant glitter effect and a 3D look. With 3D-Glitter Liner you can create refined accents in the decoration of different materials such as paper, cardboard, wood, ceramics, pottery, glass, metal and textiles. Providing each Creation a glamorous appearance! The 3D-Glitter Liner can be applied to all grease free painting surfaces. Colour can be applied directly with the liner, let it dry (approximately 6 hours) and finish. Then wash-resistant up to 40 °C. Fabrics should be washed and ironed inside out. The 3D-Glitter Liner not only offers limitless possibilities, it is also versatile for combination with our acrylic paints or our fabric paint Textile Art.

# nerchau Window Art

Removable Window Colour · Hobby

- Extensive palette of 42 colour shades and 6 contour colours
- Special colour strength and brilliance
- Water-based, harmless, low-odour processing
- Self-adhesive on all smooth surfaces when dry
- Motifs easily removable and reusable
- Particularly elastic and resistant to ageing, thus permanently easy to remove

## The shiny colours of light

Window Art distinguishes itself by the specific colour strength and brilliance of its tones and allows an excellent intermixing of colours. Window Art colours are removable, transparent and water-based window colours. They are ideal for painting on all smooth surfaces, for example on glass, mirrors and tiles. Excellent decorative effects can be achieved with the 42 colours and 6 contour colours. The contour colours dry after about 30 minutes. The art works can be removed as a foil after about 24 hours drying and can be placed on the desired object by light pressure. Dried motifs are self-adhesive and reusable. The colours show their full colour intensity after drying.

## nerchau Porcelan Art Pen

### Simple, decorative painting and writing on porcelain

The nerchau Porcelan Art Pen is the ideal companion in porcelain painting. Regardless of whether you would like to do decorative painting on cups, plates and other porcelain pieces, strong contour lines and fine details or sweeping strokes, the nerchau Porcelan Art Pen is a real all-rounder. If necessary, the colours can be repainted several times. The dishwasher-safe and odourless ink needs to dry for four hours and after that fix it in the oven for 90 minutes at 160 °C. Cool the artwork in the oven. Done!

Note: Shake the pen before use until mixing balls can be heard hitting together. Please store pens horizontally. Remove cap and pump until the tip is saturated with ink.

# nerchau Textile Art

Fabric Paint and Printing Ink • Hobby

- Extensive colour palette (34 shades for light fabrics, 18 shades for dark fabrics, 1 medium, and 10 fabric paint pens)
- Good to very good lightfastness
- Water-based, water soluble
- Before painting, wash to remove dressing and softening agent
- Colours are intermixable
- Resistant to dry-cleaning, rubbing and ironing
- Iron fixation from left-side at a maximum temperature for the fabric, not above 150°C, 5 minutes
- After heat fixation gently washable at temperatures up to 60°C, metallic colour shades and fabric paint for dark coloured fabrics up to 40°C
- Stable contours for painting, printing and stamping
- For all fabrics made of natural fibres and synthetic fibres

**Give textiles your personal touch that is uniquely yours!**

Textile Art Fabric Paints exist especially for light or dark fabrics. The colours are high quality, washable, rubbing and ironing resistant. They are water soluble and can be intermixed. The special transparent mediums allows the dilution without loss of adhesion. You can paint, print, stencil and stamp with the colours. They are suitable for textiles made of natural and synthetic fibres. Metal and metallic colours can also be used for dark fabrics due to their good coverage. Besides the “effect colours” all shades are dry cleaning resistant. The fixing by ironing (backside) should be made after a drying time of 24 hours. Realise your individual style on T-shirts and jeans, sweatshirts and shorts, leather bags or backpacks.

## nerchau Textile Art Fabric Paint Pens

### Creative fun painting on textiles

Textile Art Fabric Paint Pens are pens for decorative colour designs on natural or synthetic fibres. The slanted „2 in 1“ multi-functional tip enables (line width from 2 to 5 mm) the painting of fine lines and contours as well as the colouring of large areas. Thanks to the special, water-based textile ink, the dried paint must only be fixed from backside with the iron - at approved fabric temperature - in order to be resistant to washing and cleaning.

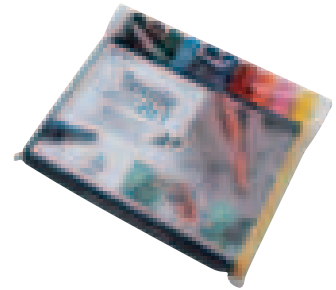

Colourful times for T-shirts, bags, curtains, towels, shoes, etc. Textile Art Fabric Paint Pens are available in 10 strong, lightfast shades - offered as individual pens or in different sets.
